

COMPACT CRANE SCALE

- Affordable hanging weight scales with standard capacity ratings of 1.5 ton to 10 tons.
- Handy for weighing heavy components & bulky items.
- Suspend from cranes, fork lifts, or stationary mounting.
- Compact design with high accuracy, $\pm 2.0\%$ of load over entire range.

"Safety matters when you have a lot hanging on the line. It is better to know than accidentally exceed your limits."
